DHANUSH KADIRI

PROFESSIONAL PROFILE

As a final-year student at SV University, I am a driven individual with a passion for entrepreneurship, evident through my co-founding of a startup. With a keen interest in exploring the world and a business-minded approach, I bring strong interpersonal and situational handling skills to any endeavor. Additionally, my enthusiasm for acting adds a dynamic dimension to my profile

WORK EXPERIENCE

Co-Founder & Frontend Developer*
LetsLoot Startup

Pioneered frontend development for LetsLoot, a groundbreaking platform merging social media interaction with income generation opportunities for both users and creators. Led interface design and implementation, fostering user engagement and revenue generation. Demonstrated adept leadership, fostering team cohesion and adaptability in dynamic environments. Presented progress updates to stakeholders, showcasing our unique value proposition. Handled diverse challenges with resilience, ensuring smooth project execution and problem-solving.
